ON [REDACTED]

The Department of Chemistry of the State Administration for Material Procurement cleared the 1953 delivery of the following medical products to the Russian administration in East Germany

after an application for delivery of these products was made by Main Department for Government Orders of the State Planning Commission. A copy of the list of approved products was given to the Ministry of Health, which is responsible for making the approved products available in partial deliveries whenever the Russians request such deliveries. Requests for delivery come to the Ministry periodically on forms of the Main Department for Government Orders and are signed by one of the following three Russians: Captain Tarasov (fmu), Captain Baranov (fmu) and Captain Sinitza (fmu).
